INTERNATIONAL SEARCH REPORT

International application No.

PCT/AU2004/001376

A.	CLASSIFICATION OF SUBJECT MATTER					
Int. Cl. 7;	C07K 2/00, C12N 5/06, 5/08, A61K 3	C07K 2/00, C12N 5/06, 5/08, A61K 35/39, 35/407, A61P 5/48, 35/00				
According to International Patent Classification (IPC) or to both national classification and IPC						
D.	FIELDS SEARCHED					
Minimum documentation searched (classification system followed by classification symbols)						
Documentation searched other than minimum documentation to the extent that such documents are included in the fields searched						
Blectronic data base consulted during the international search (name of data base and, where practicable, search terms used)						
DATABASE: STN: Files: medline, ca, wpids, biosis Keywords: gctm						
C.						
Category*	Citation of document, with indication, w			Relevant to claim No.		
A	WO 2003 040355 (ES CELL INTER Whole document	RNATIO	ONAL PTE LTD) 15 May 2003	1-103		
A	PERA, M.F. et al "Analysis of cell-differentiation lineage in human teratomas using new monoclonal antibodies to cytostructural antigens of embryonal carcinoma cells." Differentiation. 1988 Dec;39(2):139-49. Whole document			1-103		
	Further documents are listed in the cor	ntinuatio	on of Box C X See patent family ann	ex		
* Special categories of cited documents: "A" document defining the general state of the art which is not considered to be of particular relevance "By later document published after the international filing date or priority date and not in conflict with the application but cited to understand the principle or theory underlying the invention						
	application or patent but published on or after the ational filing date	"X"	document of particular relevance; the claimed invention cannot or cannot be considered to involve an inventive step when the alme	t be considered novel document is taken		
"L" document which may throw doubts on priority claim(s) "Y" do or which is cited to establish the publication date of in another citation or other special reason (as specified) su		nument of particular relevance; the claimed invention cannot be considered to olive an inventive step when the document is combined with one or more officer the documents, such combination being obvious to a person skilled in the art				
"O" docum	nent referring to an oral disclosure, use, exhibition er means	" &c"	document member of the same patent family			
"P" docum but lai	nent published prior to the international filing date ter than the priority date claimed

INTERNATIONAL SEARCH REPORT

International application No. PCT/AU2004/001376

This international search report has not been established in respect of certain claims under Article 17(2)(a) for the following reasons: 1. Claims Nos.: Decause they relate to subject matter not required to be searched by this Authority, namely: 2. X Claims Nos.: 10-12, 23, 26-31, 35-40, 85-92, 95-101 Decause they relate to parts of the international application that do not comply with the prescribed requirements to such an extent that no meaningful international search can be carried out, specifically: The agents envisaged in those claims is indefinite and indeterminate in nature, and hence no meaningful search could be conducted. 3. Claims Nos.: Decause they are dependent claims and are not clarafted in accordance with the second and third sentences of Rule 6.4(a) Box No. III Observations where unity of lavention is lacking (Continuation of item 3 of first sheet) This International Searching Authority found multiple invertions in this international application, as follows: 1. As all required additional search fees were time by paid by the applicant, this international search report covers all searchable claims could be searched without effort justifying an additional fee, this Authority did not invite payment of any additional fee. 3. As all searchable claims could be searched without effort justifying an additional fee, this Authority did not invite payment of any additional fee. 3. As only some of the required additional search fees were timely paid by the applicant, this international search report covers only those claims for which fees were paid, specifically claims Nos.: 4. No required additional search fees were timely paid by the applicant. Consequently, this international search report is restricted to the invention first mentioned in the claims; it is covered by claims Nos.:	Box No. II Observations where certain claims were found unsearchable (Continuation of item 2 of first sheet)				
because they relate to subject matter not required to be searched by this Authority, namely: 2.		•			
2. X Claims Nos.: 10-12, 23, 26-31, 35-40, 85-92, 95-101 because they relate to parts of the international application that do not comply with the prescribed requirements to such an extent that no meaningful international search can be carried out, specifically: The agents envisaged in these claims is indefinite and indeterminate in nature, and hence no meaningful search could be conducted. 3. Claims Nos.: because they are dependent claims and are not clarafted in accordance with the second and third sentences of Rule 6.4(a) Box No. III Observations where unity of invention is tacking (Continuation of item 3 of first sheet) This International Searching Authority found multiple invertions in this international application, as follows: 1. As all required additional search fees were timely paid by the applicant, this international search report covers all searchable claims. 2. As all searchable claims could be searched without effort justifying an additional fee, this Authority did not invite payment of any additional fee. 3. As only some of the required additional search fees were timely paid by the applicant, this international search report covers only those claims for which fees were paid, specifically claims Nos.: 4. No required additional search fees were timely paid by the applicant. Consequently, this international search report is restricted to the invention first mentioned in the claims; it is covered by claims Nos.:	1. Claims Nos.:				
because they relate to parts of the international application that do not comply with the prescribed requirements to such an extent that no meaningful international search can be carried out, specifically: The agents envisaged in these claims is indefinite and indeterminate in nature, and hence no meaningful search could be conducted. 3.	because they relate to subject matter not required to be searched by this Authority, namely:	7			
because they relate to parts of the international application that do not comply with the prescribed requirements to such an extent that no meaningful international search can be carried out, specifically: The agents envisaged in these claims is indefinite and indeterminate in nature, and hence no meaningful search could be conducted. 3.					
because they relate to parts of the international application that do not comply with the prescribed requirements to such an extent that no meaningful international search can be carried out, specifically: The agents envisaged in these claims is indefinite and indeterminate in nature, and hence no meaningful search could be conducted. 3.					
because they relate to parts of the international application that do not comply with the prescribed requirements to such an extent that no meaningful international search can be carried out, specifically: The agents envisaged in these claims is indefinite and indeterminate in nature, and hence no meaningful search could be conducted. 3.	·				
because they relate to parts of the international application that do not comply with the prescribed requirements to such an extent that no meaningful international search can be carried out, specifically: The agents envisaged in these claims is indefinite and indeterminate in nature, and hence no meaningful search could be conducted. 3.	2. X Claims Nos · 10-12 23 26-31 35-40 85-92 95-101				
an extent that no meaningful international search can be carried out, specifically: The agents envisaged in these claims is indefinite and indeterminate in nature, and hence no meaningful search could be conducted. 3. Claims Nos.: because they are dependent claims and are not chrafted in accordance with the second and third sentences of Rule 6.4(a) Box No. III Observations where unity of lavention is lacking (Continuation of item 3 of first sheet) This International Searching Authority found multiple invertions in this international application, as follows: 1. As all required additional search fees were time by paid by the applicant, this international search report covers all searchable claims. 2. As all searchable claims could be searched without effort justifying an additional fee, this Authority did not invite payment of any additional fee. 3. As only some of the required additional search fees were timely paid by the applicant, this international search report covers only those claims for which fees were paid, specifically claims Nos.: 4. No required additional search fees were timely paid by the applicant. Consequently, this international search report is restricted to the invention first mentioned in the claims; it is covered by claims Nos.:					
meaningful search could be conducted. 3. Claims Nos.: because they are dependent claims and are not cirafted in accordance with the second and third sentences of Rule 6.4(a) Box No. III Observations where unity of invention is tacking (Continuation of item 3 of first sheet) This International Searching Authority found multiple inversations in this international application, as follows: 1. As all required additional search fees were time by paid by the applicant, this international search report covers all searchable claims. 2. As all searchable claims could be searched without effort justifying an additional fee, this Authority did not invite payment of any additional fee. 3. As only some of the required additional search fees were timely paid by the applicant, this international search report covers only those claims for which fees were paid, specifically claims Nos.: 4. No required additional search fees were timely paid by the applicant. Consequently, this international search report is restricted to the invention first mentioned in the claims; it is covered by claims Nos.: Remark on Protest The additional search fees were accompanied by the applicant's protest.					
3. Claims Nos.: because they are dependent claims and are not cirafted in accordance with the second and third sentences of Rule 6.4(a) Box No. III Observations where unity of invention is lacking (Continuation of item 3 of first sheet) This International Searching Authority found multiple inversitions in this international application, as follows: 1. As all required additional search fees were time by paid by the applicant, this international search report covers all searchable claims. 2. As all searchable claims could be searched without effort justifying an additional fee, this Authority did not invite payment of any additional fee. 3. As only some of the required additional search fees were timely paid by the applicant, this international search report covers only those claims for which fees were paid, specifically claims Nos.: 4. No required additional search fees were timely paid by the applicant. Consequently, this international search report is restricted to the invention first mentioned in the claims; it is covered by claims Nos.: Remark on Protest The additional search fees were accompanied by the applicant's protest.	l
